Wendi Bashi (DR Congo):

I'm grateful of those wonderful days that i've spend in Cologne. Merci for all the kindness and all the respect and interest for our movies. Thank you also for all those wonderful moments that we've spend with all other filmmakers and at least thank you because I've been brain feeded during my entire stay in Cologne. Good luck for the 25th edition and again Askant Sana, Merci beaucoup.

Beti Ellerson (USA):

Hello to all at FilmInitiativ, I want to thank you for inviting me to contribute to and participate in this wonderful event! I thoroughly enjoyed my visit to Cologne, Wuppertal and Berlin. It was exceptional and a highlight in my work on African Women in Cinema Studies... Best regards to all and I do hope we will keep in touch.

Zeka Laplaine (DR Congo):

Carey McKenzie (South Africa)

Thank you so much for a really great afternoon at WDR and for a wonderful time in Cologne. We had a full house last night in Bruehl and very engaged audience. It's a lovely little kino. I feel very grateful to have been part of the festival. It's encouraging to meet the audience and other crazy determined creative Africans. Heartfelt thanks for all your hard work and for good energy and enthusiasm.... To make films in Africa, we have to be a little mad, so it's reassuring to find that we are not alone.

Margarida de Assis (Portugal):
